

Tina's Erotic Friend Fiction Presents:

My So-Called Life as a Horse

Hi, my name is Tina Belcher and I'm a lot like you. I enjoy popular music, eat carrots and I love my family, who are all humans by the way...

I know what you're thinking - cool!

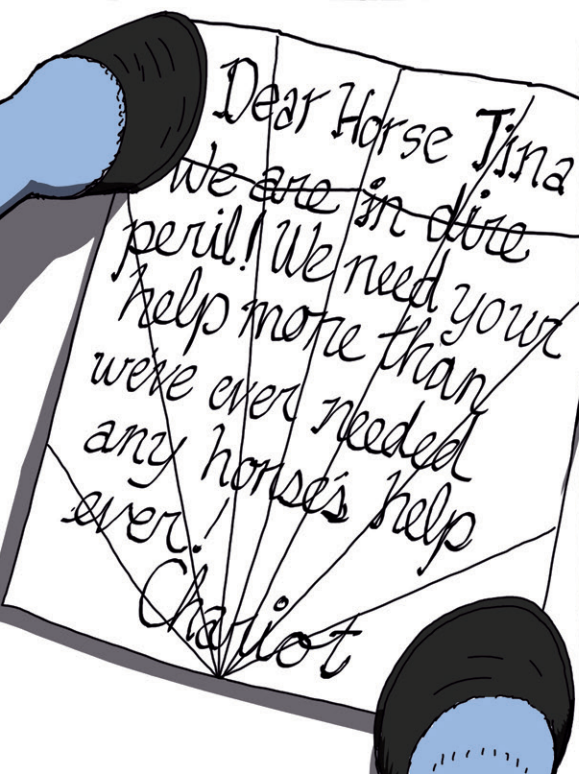

**Yee-Ha!
Buckin'
Bronco!!!**

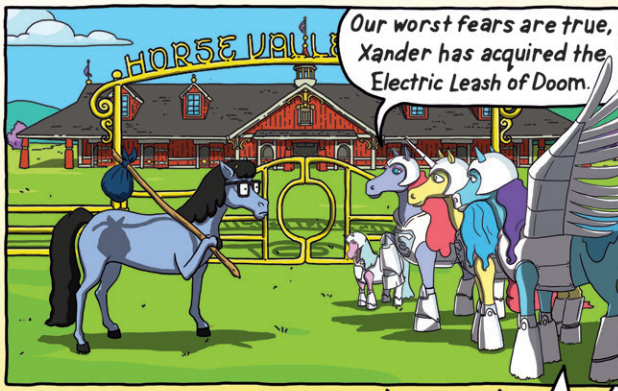

But I have to tell you, it's not easy being a horse in a people world. Kids at school don't understand.

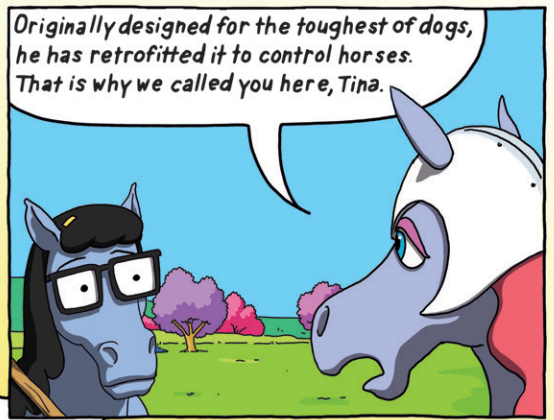

Get off Zeke.

Our worst fears are true, Xander has acquired the Electric Leash of Doom.

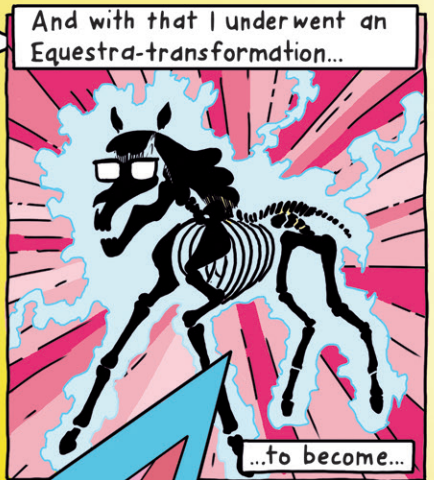

Originally designed for the toughest of dogs, he has retrofitted it to control horses. That is why we called you here, Tina.

You're one of us - a beautiful horse with super powers - but luckily for us, Xander doesn't know about you. That will be our secret weapon.

NEIG-YAY!!!

Now let's get you geared up!

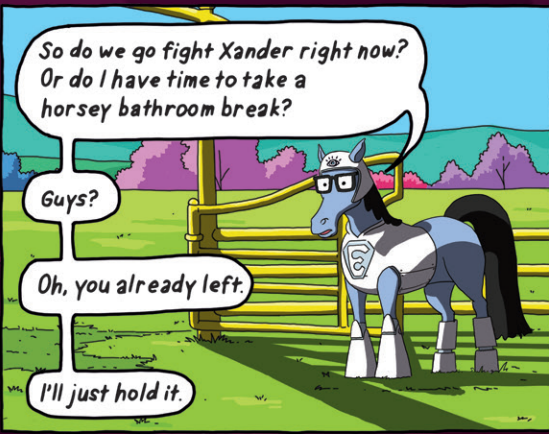

And with that I underwent an Equestra-transformation...

...to become...

TINASUS

So do we go fight Xander right now?
Or do I have time to take a
horsey bathroom break?

Guys?

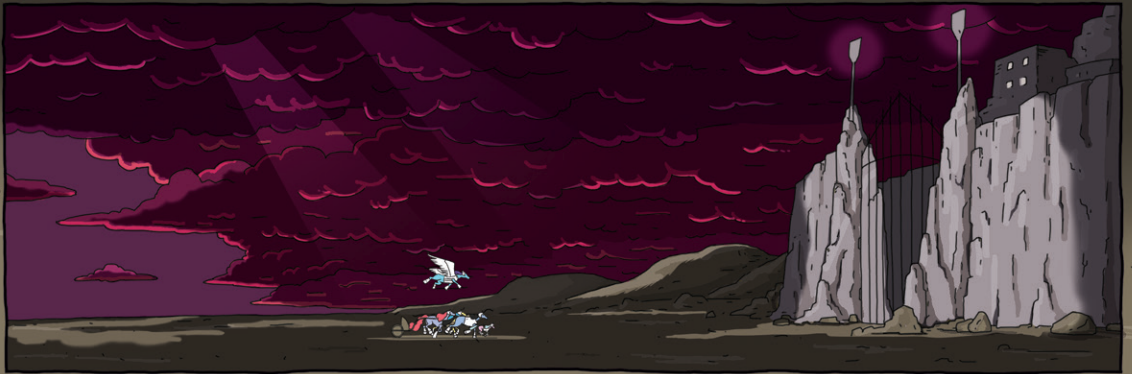

Oh, you already left.

I'll just hold it.

The Equestranauts gallop
towards Xandar's fortress.

To Battle!

May our battlecries
make us hoarse!

Equestranauts, ready --
