As the Japanese national team's weakness caused all of Japan to heave a deep sign of frustration...

October 28,
1993.
The Agony of Doha.

There was a sudden spike, 2% above normal, of carbon dioxide gas in the country.

At the very same moment some middle-aged guy let out a sigh that stank of beer...

...I was born.

A doctor wearing a surgical mask and cap is holding a crying baby. The baby has a cross on its chest. The doctor has a pained or frustrated expression. The background is dark and dramatic.

Gyaaah!
Waaaah!

...Puffy's debut hit which came out that year...

♪ Peking Berlin

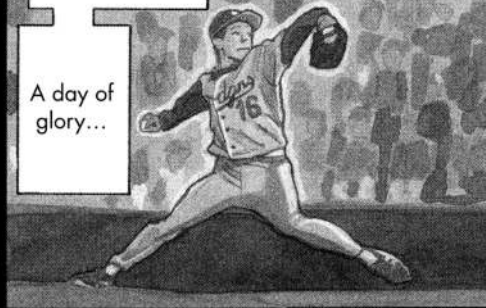

And somewhere a young girl was singing with all her might...

Nomo managed to pitch a no-hitter shutout in the American major leagues...

Three years later, on September 17, 1996...

A day of glory...

White... pandas?!

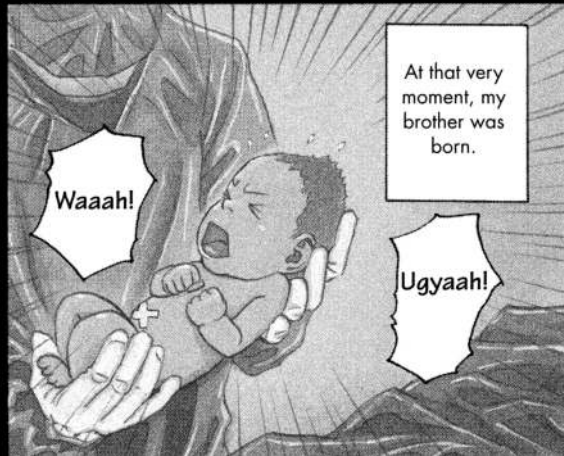

And that girl's father muttered...

♪ Get all the white pandas and...

Waaah!

At that very moment, my brother was born.

Ugyaah!

YAAAAAH

Zidane exploded with a violent head-butt.

During the finals of the World Cup in Germany...

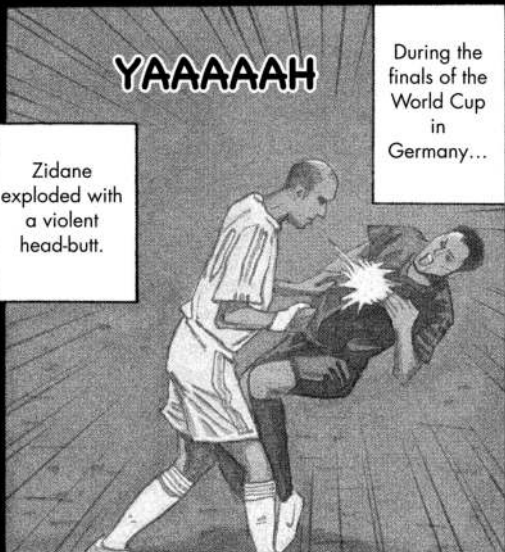

Then on July 9th, 2006...

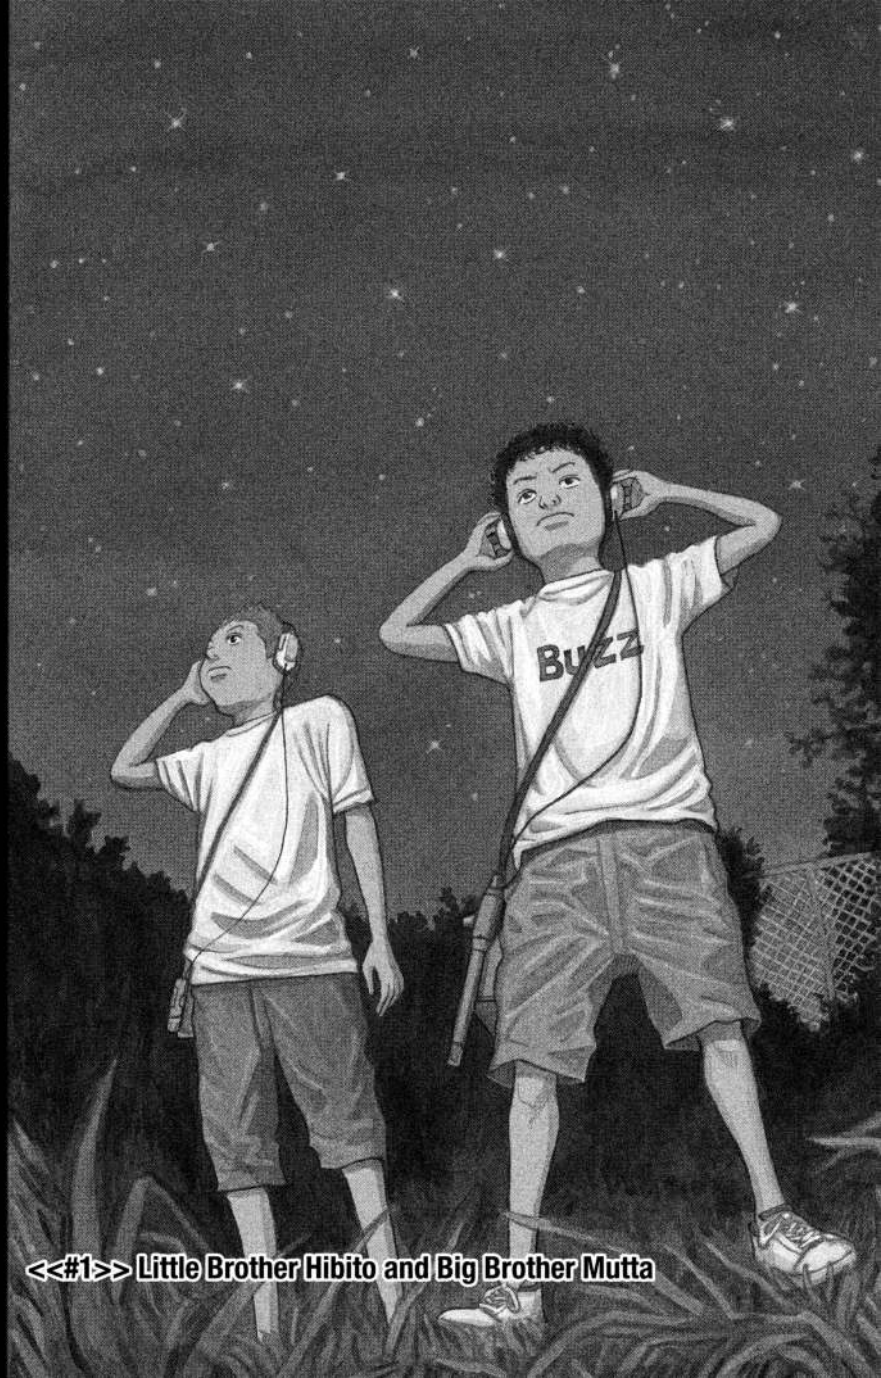

9-years old

12-years old

At about the same time the world was taken aback at Zidane's conduct...

...my brother and I...

And I don't know even if it was a UFO or not.

But that was when I was a child.

Yes, I did do a TV interview the other day when I mentioned that I had seen an UFO.

The only thing I know for sure is what I experienced was the impetus that led me here.

Then, Mr. Hibito Namba...

.....
Ahem.

And I hold it as a high honor to be chosen to represent my country.

The moon has always held a special meaning to we Japanese.

However...

...could you tell us your feelings on being the first Japanese person on the moon's surface?

And I think it is a shame he isn't here right now.

There is one person who should have set foot on the moon ahead of me.
