

From the Pathfinder
Chronicles:
Goblins are always
hungry. Meat is their
preferred choice--raw,
cooked, sometimes even
rancid--but they're also
quite partial to
brine-slathered pickles
or spicy peppers if
they can find them.

RUN OR
FACE MY BLADE,
YOU LITTLE
WRETCHES!

Between their
voracious appetite and
poor judgement there's
almost nothing
goblins won't cram
into their mouths.
