

WELCOME
TO THE SHADOW
DISTRICT. LADIES,
WE'RE HAPPY TO
SEE YOU...

From the Pathfinder Chronicles:
Wherever commerce is found, thieves soon
gather. A city of any reasonable size will quickly
spawn an "unlawful" economy almost as robust
and varied as the moral one it preys upon.

While government officials will vow to
root out thieves guilds, the reality is that
these gangs will always exist and, as long
as crime is kept within acceptable limits,
they can serve a valuable function as
spies, assassins, and enforcers for the
ruling class.
