HOME EN

This is Principal Bowie reminding all seniors that graduation depends on your performance in the Battle of the Bands this Friday.

Period 1: GRAPHICS with Dr. Winston Smith.

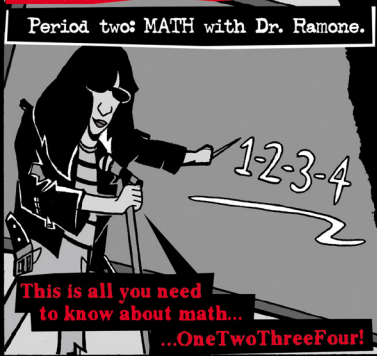

We had to wrap up perfecting our logos...

Okay, dodos,  
this class must come to order!

Let's see how those logos are looking.

...and prep for the math final.

P.E. is okay...

P.E. with Coach Roth.

Now, the main point of stretching is to warm up your muscles.

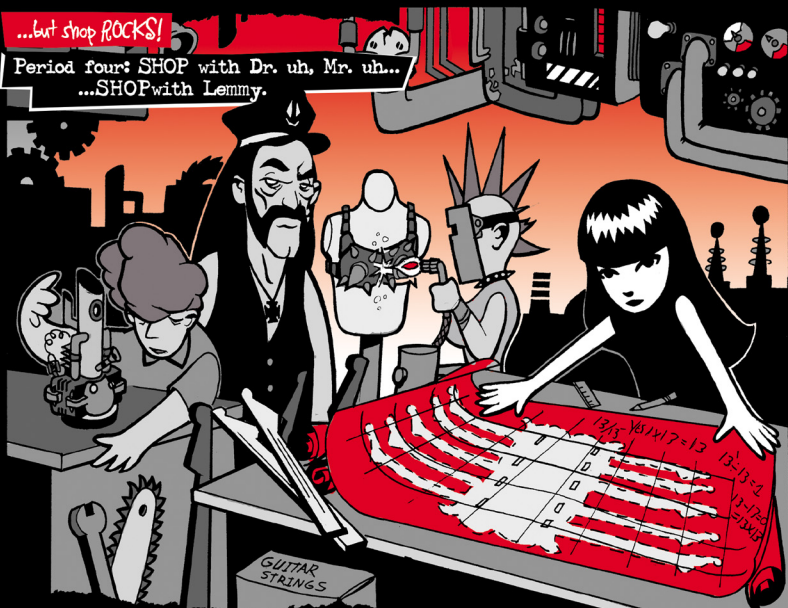

But more importantly, you need to know what the ripping point is for your pants.

All right, everybody  
... listen for the RIP!

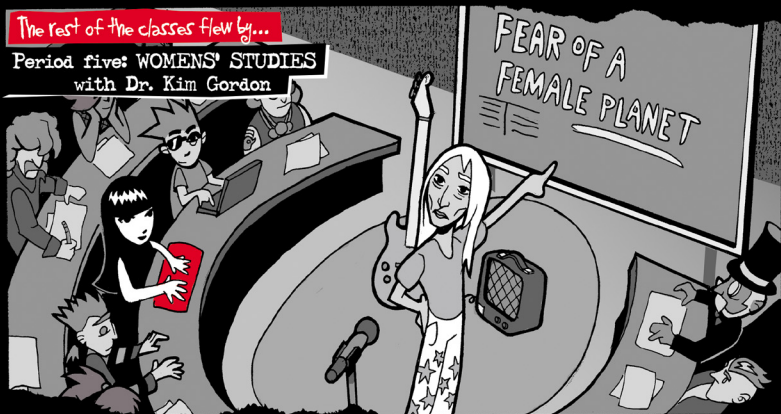

...but shop ROCKS!

Period four: SHOP with Dr. uh, Mr. uh...  
...SHOP with Lemmy.

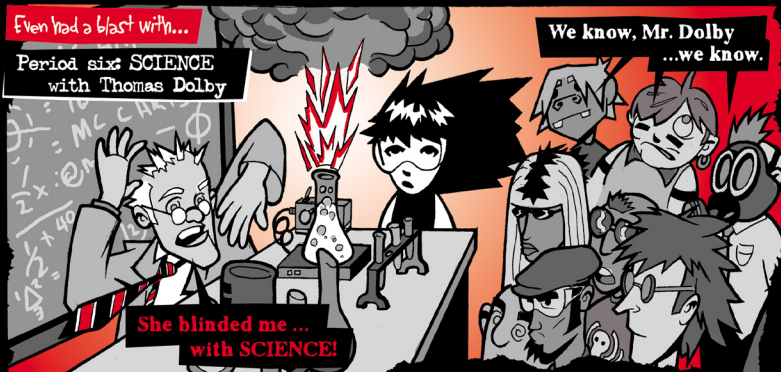

The rest of the classes flew by...

Period five: WOMENS' STUDIES  
with Dr. Kim Gordon

Even had a blast with...

Period six: SCIENCE  
with Thomas Dolby

We know, Mr. Dolby  
...we know.

She blinded me ...  
with SCIENCE!

Period seven:  
CREATIVE WRITING with Patti Smith

...plagued by the darkness she tempted  
from beyond, she ran ... she ran into the  
electric current of the ocean...

...she ran into the blank terror of the sea!

...Until we were finally released for some  
last-minute cramming for the big final  
- The Battle of the Bands on Friday night!
